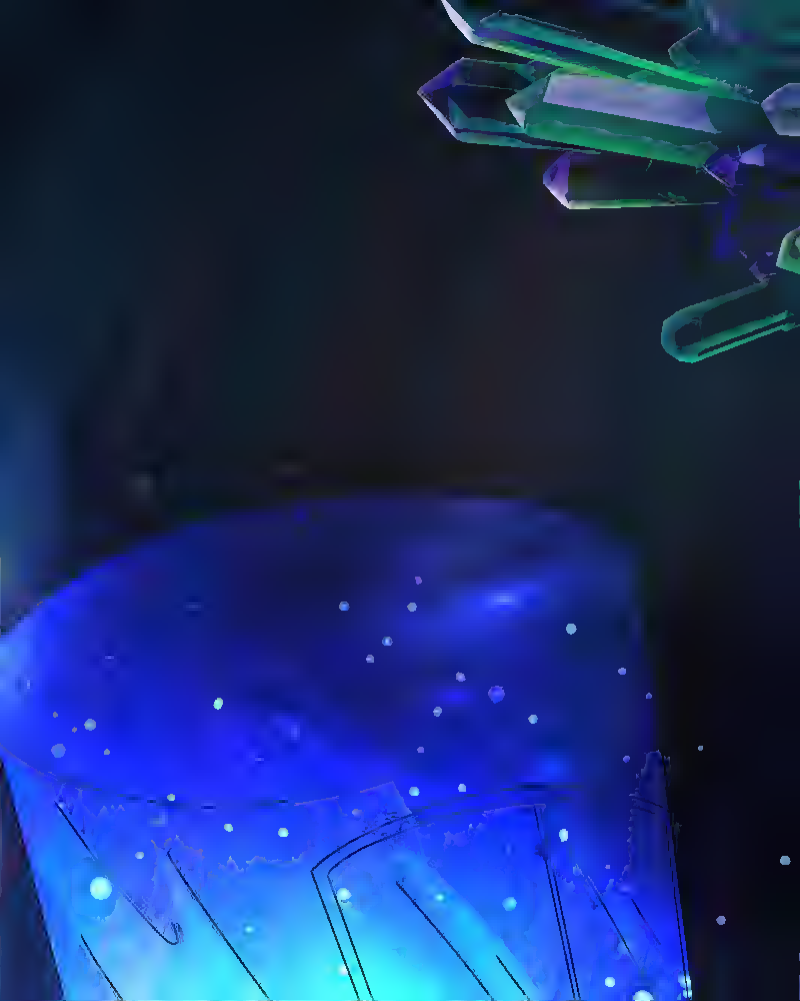
HELIOS:FEMINA
A Tear & A Smile



Bebo, we've been going down for quite a while

How much longer do we have left?
Hah.
Red and I were just about to ask you the same question.
What do you mean?

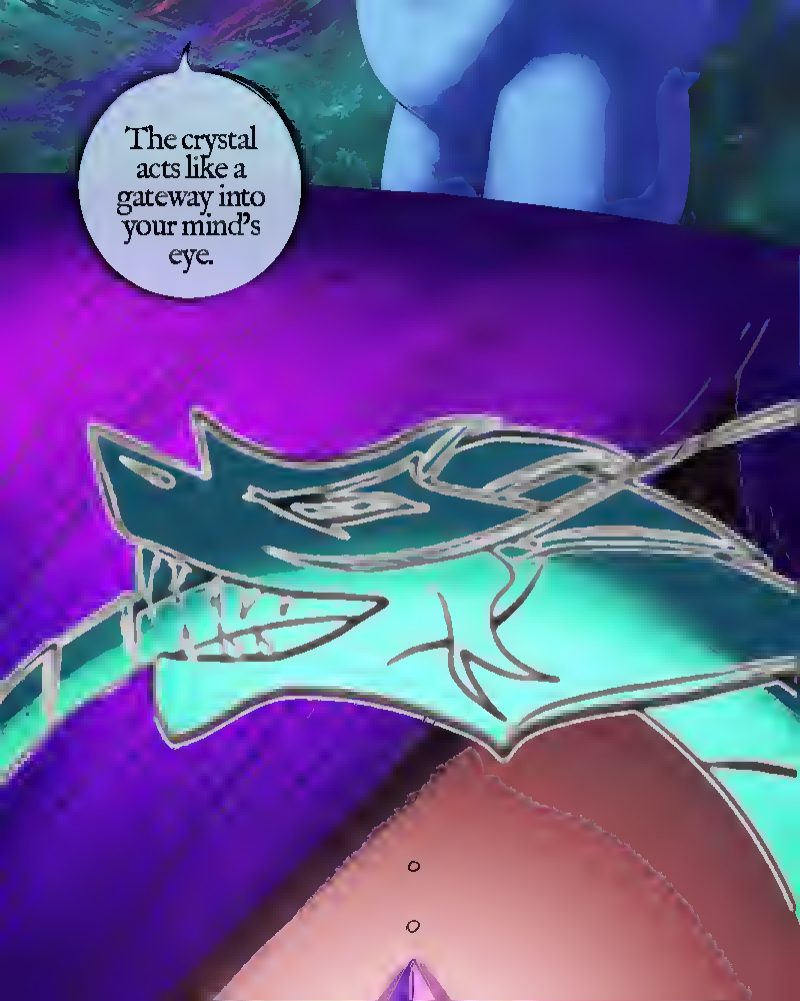
Where we go next is up to you.

Me?
How is that
possible?

Imagine,

the
ouroboros
amulet is like
a key.

This key can unlock any crystal eye, like the one you're wearing.



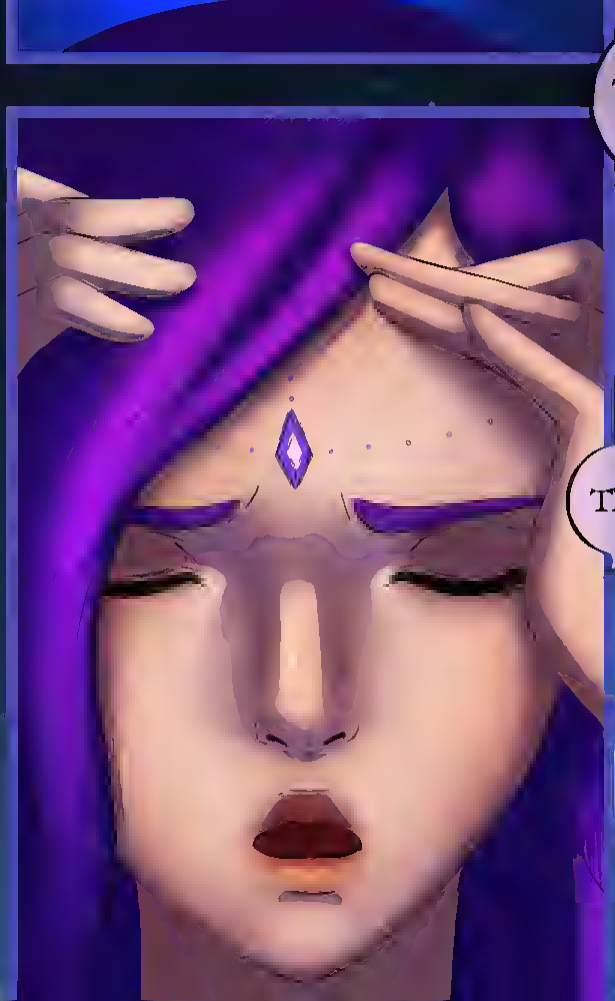
The crystal acts like a gateway into your mind's eye.

Third eye?

It has many names, but what matters is using it appropriately.
Once the amulet is activated, the gateway opens...

...offering us full access into your mind.
You see Rhea,
your

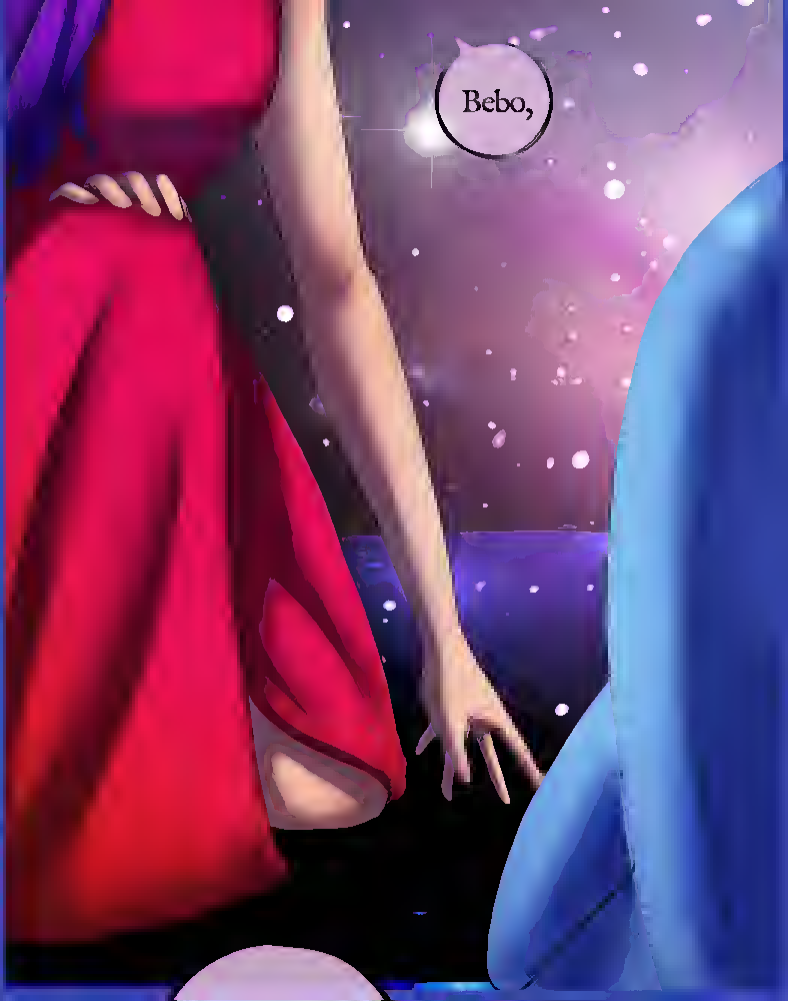
thought alone...
...has the power to take us anywhere.



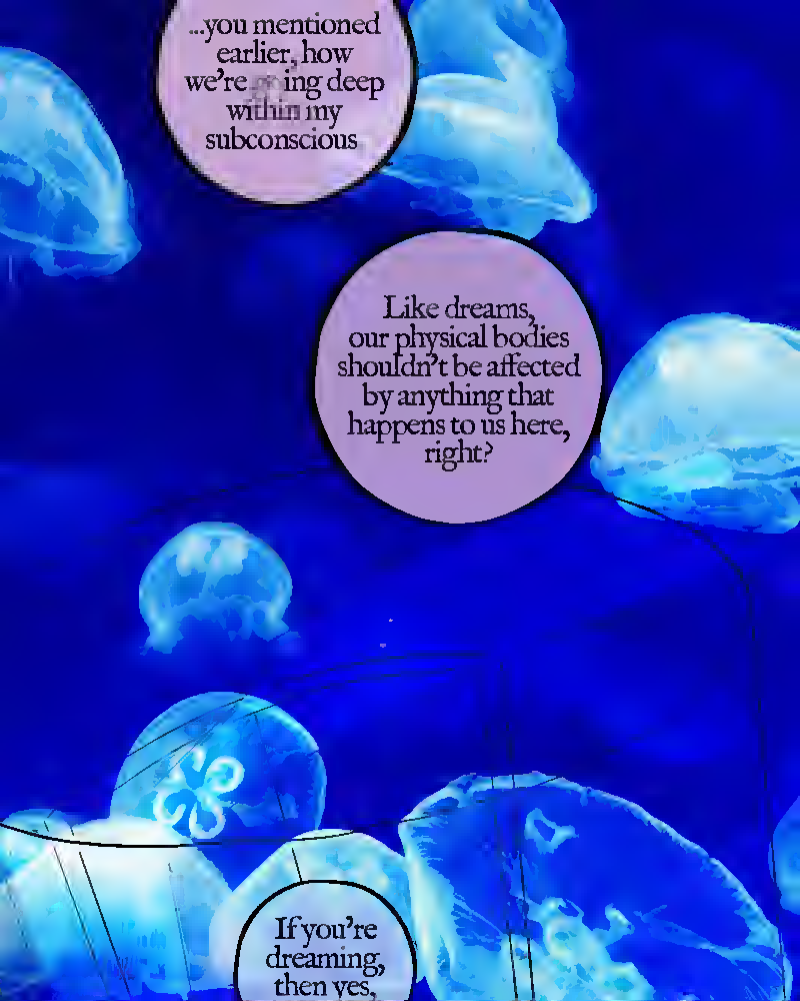
This is too crazy.
This...

...is impossible.
This, is magic.

So I *can* do magic!
In here, yes!



Bebo,



...you mentioned earlier, how we're ing deep within my subconscious
Like dreams, our physical bodies shouldn't be affected by anything that happens to us here, right?
If you're dreaming, then yes,

however,
...you're not.
As of right now, your mind is fully conscious

and self aware.
You must tread carefully.
Okay, so what happens

if I get hurt or die here?
Trauma will affect your psyche,
...making it harder for you to awaken.

It'll feel like being in a coma.

...lovely.
Okay
So what should I do now?

You'll know, soon enough.

Bebo,
...why is it so hard to get a straight answer from you?
It's like, you expect me to know everything!

It's frustrating!
Imagine teaching a butterfly how to flap it's wings.

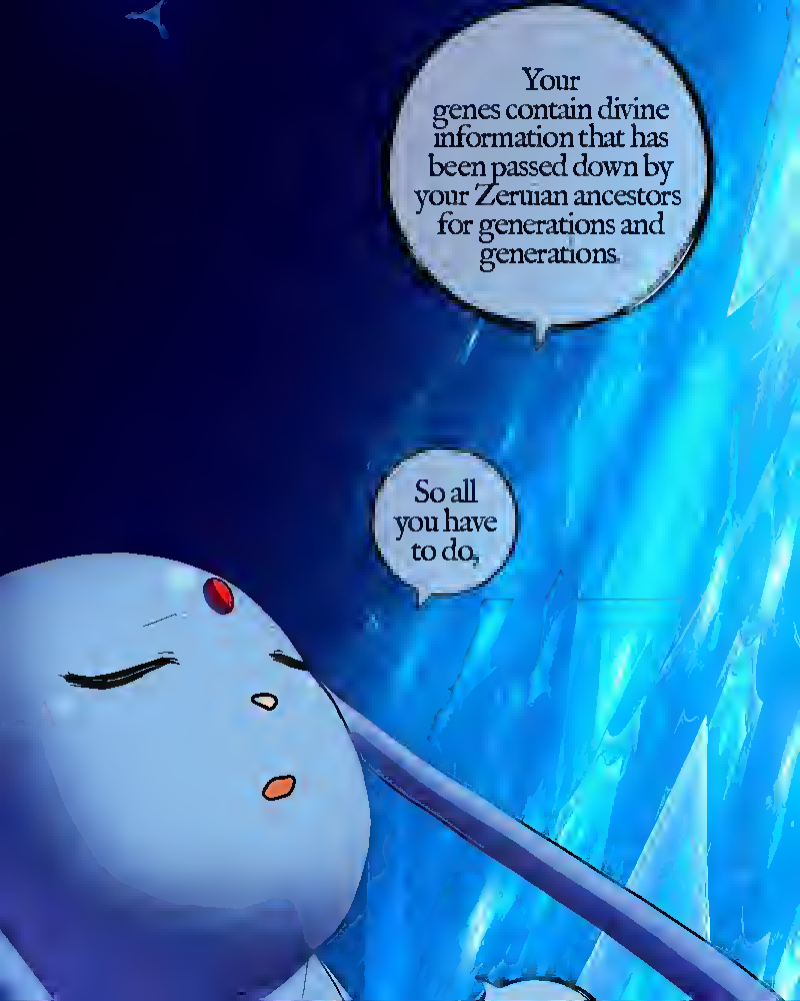
That's frustrating.

You wouldn't have to.
They already know how to fly.
My point exactly.

...

Rhea,
I don't *need*
to teach you
any of this.

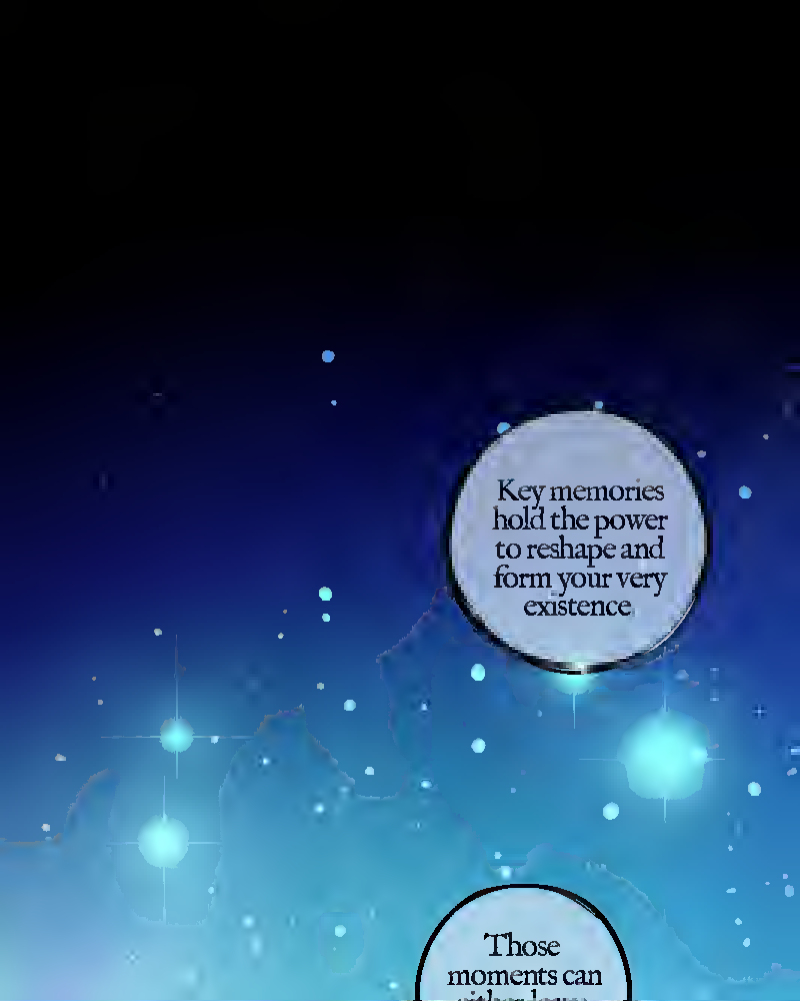
You already
possess the
knowledge



Your genes contain divine information that has been passed down by your Zeruian ancestors for generations and generations.
So all you have to do,

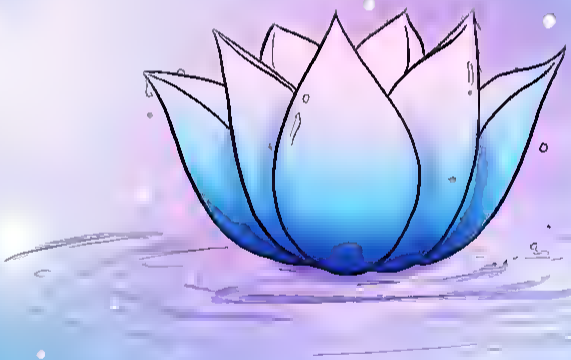
...is
remember.

Pffffft.
Easier said than done
I can't even remember what I did yesterday!



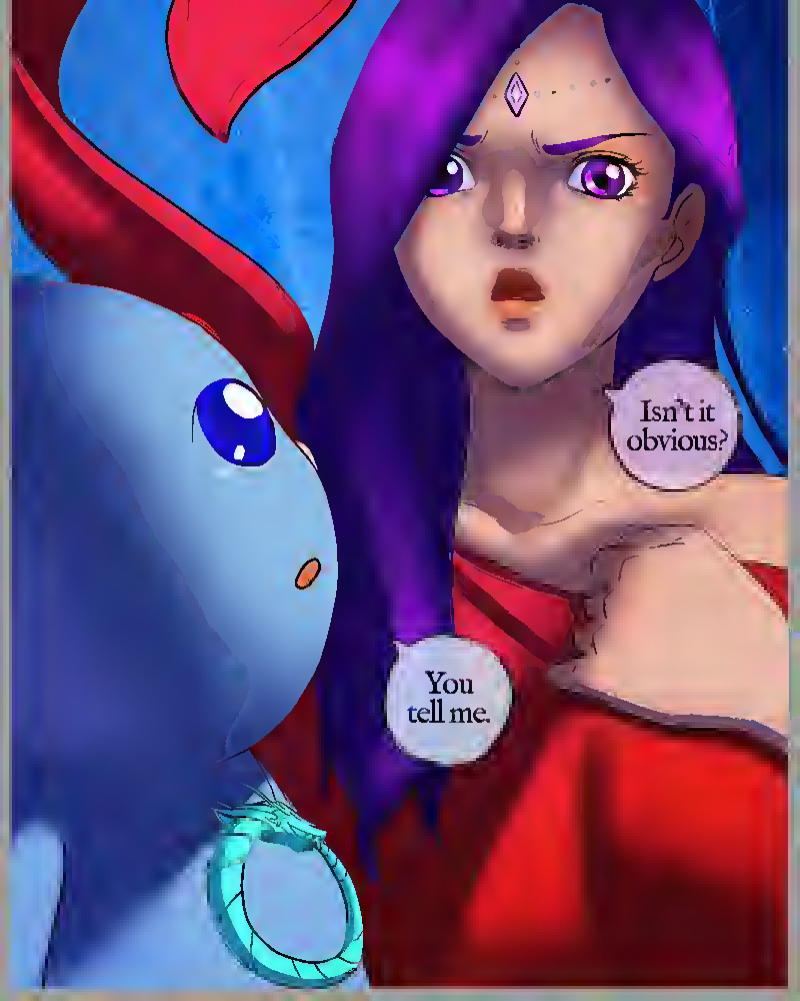
Key memories hold the power to reshape and form your very existence
Those moments can

either leave you broken,



...or define you.

Which do you choose?



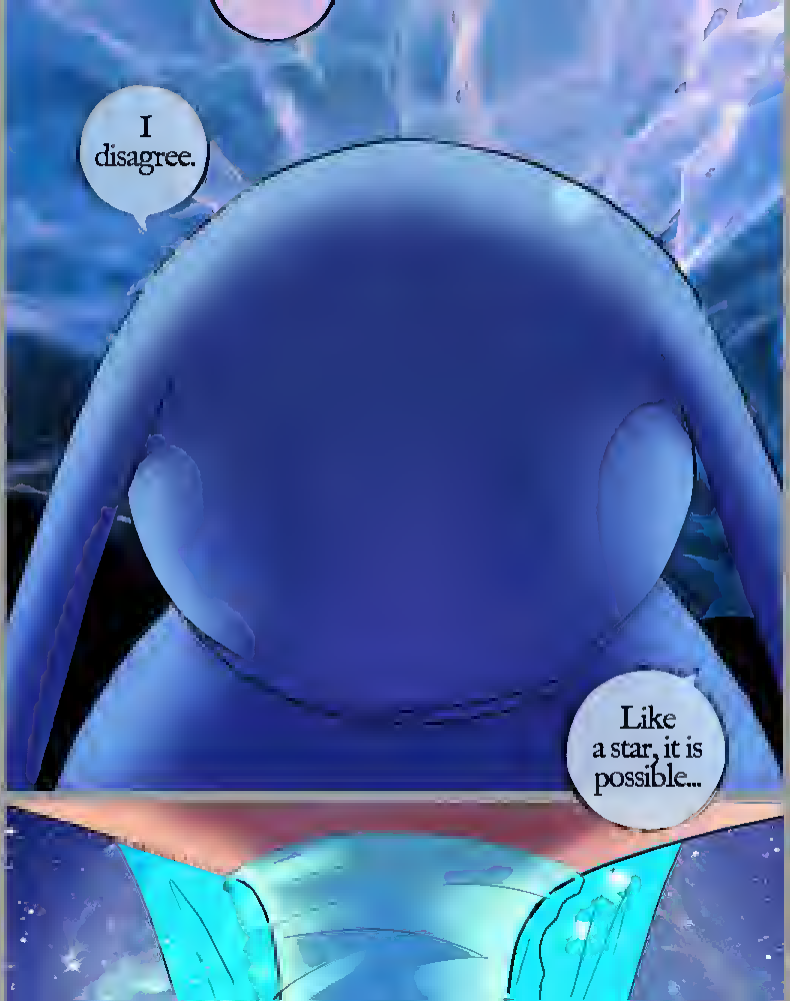
Isn't it obvious?
You tell me.

I want to become strong, so that I can protect the people I love.
You have inner strength,

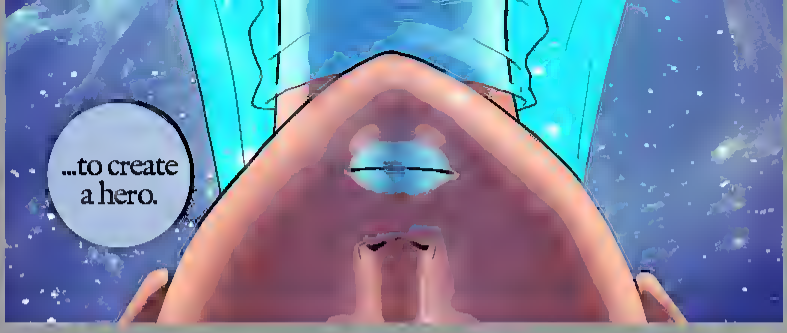
...now you must develop your outer potential.
Does

I can become a Light Warrior?
Then again, I couldn't even lift a sword.

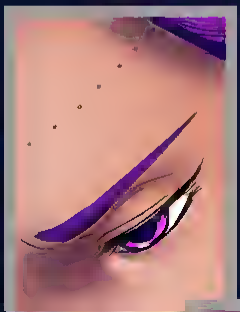
Maybe I wasn't meant to be a fighter.
Just like stars, heroes are born,
...not made.



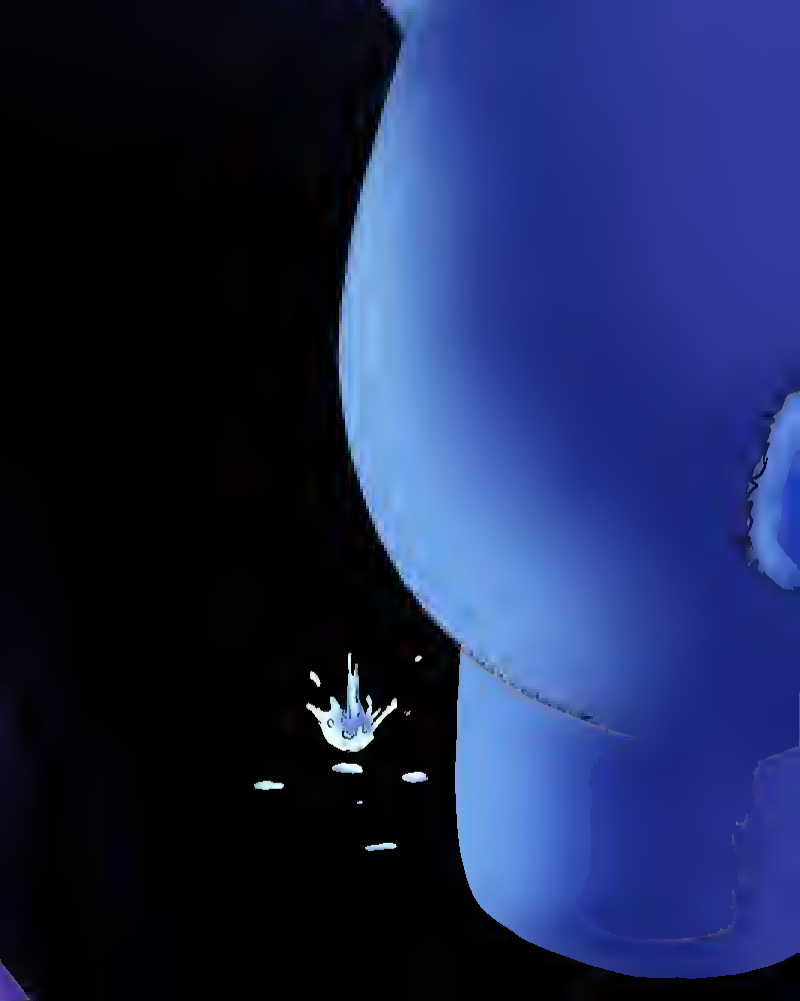
I disagree.
Like a star, it is possible...



...to create
a hero.



SNIF



Hey...

Bebo...

I know you miss her.
We've both lost loved ones...

...but their memories still live within us.

I may not know much...

...but I know we won't forget them.

I promise.

SNIFF

Hey Rhea?
One day,

let's go see Zeru's violet sky again.
Mmhmm!
